Dear Sir/Madam,

OM Sarawak Sdn Bhd Ferroalloys Production Update

The Board of OM Holdings Limited (“OMH”, or the “Company”) is pleased to announce that on 16th July 2017 the sixth furnace for the production of manganese alloy commenced operations at OM Materials Sarawak Sdn Bhd (“OM Sarawak”). In-house modification works for furnaces 5 and 6 are now complete and both manganese alloy furnaces commenced production as scheduled. OM Sarawak is 75% owned by OMH, and 25%-owned by Bursa Malaysia listed conglomerate Cahya Mata Sdn Bhd.

As at 17 July 2017, 14 out of the 16 furnaces at the plant are in operation, with 7 furnaces producing standard grade ferrosilicon, 1 furnace producing refined ferrosilicon, and 6 furnaces producing manganese alloys. Subject to obtaining the relevant approvals, the Company plans to convert two more furnaces to manganese alloy production in 2018, after a strategic review taking into consideration the marketing strategy and price environment of various ferroalloys.

Yours faithfully

OM HOLDINGS LIMITED

Heng Siow Kwee/Julie Wolseley
Company Secretary
