COVID-19: EMERGENCE AND RESPONSE

Employee Safety

Rolled out safety preventive measures:

- Increased hygiene standards, sharing best practices with all employees
- Daily temperature screening and disinfection
- Physical distancing at the workplace
- Split-teams / work-from-home where possible
- Travel restrictions / bans where applicable
- Full compliance with all regulations from local jurisdictions (China, Singapore, Australia, Japan)

Business Continuity

Supply Chain & Markets

- Additional storage capabilities gives flexibility
- Enhanced trade terms for risk management
- Expand market coverage to make up for lost sales

Conserving Cash

- Extending maintenance, marginally reduce cash outflows
- Delay / defer CAPEX intensive projects

Smelting

- Extending maintenance, marginally reduce cash outflows
- Continue to monitor global demand

Mining

- COVID-19 Management Plan approved by NT government

FUTURE ORGANIC GROWTH

Well positioned with expansion plans, prepared for industry recovery

Dual Listing on Bursa Malaysia

- Pursuing secondary listing on Bursa Malaysia, with a signed mandate
- Unlock value with greater access to wide range of Asia focused investors bringing liquidity

OMH and Bryah
Resources Joint Venture

Raw Material Development

- Explore prospective manganese opportunities in central Western Australia
- Expand OMH's manganese exposure to extract value across the entire manganese value chain

Higher Value Add (~Capex A\$30 mil)

- Planned for 2021/2022
- Conversion to metallic silicon to produce higher value added products
- Diversify into aluminium, chemicals, and solar downstream industries
- Furnaces still able to produce ferrosilicon for added flexibility

Expanding Capacity (~Capex A\$100-150 mil)

- Originally planned for 2021/2022
- Delayed to conserve capital spending
- Manganese capacity expansion with 2 to 4 33MW-furnaces for improved efficiency
- Expected to generate highest average returns over the full price cycle, and improve hedging ratio with ore
